GLOBAL NCAP WORLD CONGRESS
DELHI 26-29 SEPTEMBER 2018

PROGRAMME
#SAFERCARSFORINDIA
STOP THE CRASH

On 26 September, Global NCAP, in partnership with the Institute of Road Traffic Education (IRTE), will launch Stop the Crash in India.

Stop the Crash is a global partnership led by Global NCAP that promotes the early adoption of advanced vehicle safety technologies worldwide.

The launch event at the Buddh International Circuit, will feature practical demonstrations of some of the most important crash avoidance technologies, including Electronic Stability Control, Anti-lock Brakes in Motorcycles, and Autonomous Emergency Braking. These life saving systems can significantly help to reduce road deaths and serious injuries across India’s roads.

EVENT PROGRAMME
